

112TH CONGRESS
1ST SESSION

H. R. 1158

To authorize the conveyance of mineral rights by the Secretary of the Interior
in the State of Montana, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

MARCH 17, 2011

Mr. REHBERG introduced the following bill; which was referred to the
Committee on Natural Resources

A BILL

To authorize the conveyance of mineral rights by the Secretary of the Interior in the State of Montana, and
for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Montana Mineral Con-
5 veyance Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds that—

8 (1) under section 503(a)(2) of the Department
9 of the Interior and Related Agencies Appropriations
10 Act, 1998 (Public Law 105–83; 111 Stat. 1617), the

1 Secretary of the Interior has conveyed mineral rights
2 in certain very large tracts of coal to the State of
3 Montana, the tracts of which lie as near as 3 or 4
4 miles east of the Northern Cheyenne Indian Res-
5 ervation;

6 (2) development of the coal tracts and other ex-
7 isting and proposed major developments of Federal,
8 State, and private energy resources in areas sur-
9 rounding the Northern Cheyenne Indian Reservation
10 yield substantial public revenues to the State (in-
11 cluding political subdivisions of the State), thereby
12 assisting the State (including political subdivisions
13 of the State) in addressing the impacts of the devel-
14 opment;

15 (3) although the Northern Cheyenne tribal com-
16 munity chronically suffers harsh economic conditions
17 and severe deficits in public services and facilities,
18 the community does not share in any significant por-
19 tion of the public revenues generated by surrounding
20 energy development;

21 (4) the Northern Cheyenne Tribe has few, if
22 any, sources of revenue available to address develop-
23 ment impacts;

24 (5) in 2002, the Tribe brought suit against the
25 Secretary, asserting that the proposed conveyances

1 of the extensive Federal coal tracts to the State
2 under the Department of the Interior and Related
3 Agencies Appropriations Act, 1998 (Public Law
4 105–83; 111 Stat. 1543) would violate—

5 (A) several Federal laws (including regula-
6 tions); and

7 (B) the Federal trust responsibility to the
8 Tribe;

9 (6) subsequently, the Tribe withdrew the suit
10 described in paragraph (5) with prejudice, based in
11 substantial part on commitments that legislation
12 substantially in the form of this Act (and further
13 legislation providing funding to the Tribe to address
14 the impacts of coal development in areas adjoining
15 the Reservation) would be introduced and pursued
16 with support from the State, Great Northern Prop-
17 erties, and others;

18 (7) the Tribe asserts that the Tribe retains
19 claims against the United States arising from the
20 failure of the United States to acquire mineral
21 rights underlying approximately 5,000 acres of Res-
22 ervation land when the Reservation, at the direction
23 of Congress, was expanded eastward to the Tongue
24 River in 1900, the mineral rights of which, as of the

1 date of enactment of this Act, are owned by Great
2 Northern Properties; and

3 (8) if the conveyances of mineral rights are car-
4 ried out under this Act, the Tribe will waive all legal
5 claims against the United States arising from the
6 longstanding and continuing loss of the Tribe of
7 mineral rights relating to the Reservation land.
